

## Strangers

Atomic Kitten

**D**

Everything you do says you re leaving me  
Everything you say shows you don t believe in me  
How was I supposed to know this was gonna hurt a soul  
You and I are strangers in our home  
You and I are strangers in our home

**D**

Everything I feel proves there s nothing left in me  
Everything I hear takes away the breath in me  
How was I supposed to know this was gonna hurt a soul  
You and I are strangers in our home  
You and I are strangers in our home
