We are desperate and lost on the winds

Dm
Of ideals that keep changing their course

Am
Utopian dreamers only bring us new wars

Bb
We are desolate at another dead end

(**Dm C**)

Bb **Dm**
So why does the tide always brings us to this?

C **Am**
If heaven is real why s it easy to miss?

Bb **Dm**
I want life but I m content to exist

Am **A**
Without knowing my purpose

Dm
Where are the prophets the priests and the kings

Who looked beyond nature for the nature of things?

Bb
They ve been ignored

Dm
And called primitive men cause their theories weren t fully evolved

They believed mysteries that science can t solve

Bb
But I m unsure that we re wiser than them

(**Dm C**)

But the truth is we ve grown to love the exile

(**Dm**)

Dm **Am**
On this rock we ve taken our stand

Gm **Am**
Joined by the leagues of men now buried in sand

Dm **Am**
Babylon - we ll build her again

Gm
The great city of man

Am **A**
But this time we ll be sure she will stand!

Dm **Am**
But on this rock the castles will fall
(Here comes the light cast to wipe out the walls)

Gm **Am** **Bb** **Dm** **Am** **A**
We can t keep the waves of time from reaching the walls
(Oh dear humanity, where is your sanity?)

Every man - the great and the small
(And the women and the children)
