

Man, o Shipwreck
Attalus

[Intro] Bm Em F#m

Always searching never finding, growing colder every mile
Life a thread that keeps unwinding on this unforgiving isle
Man o vessel lost and stranded, how you ve lost your innocence
Look at yourself, understand it, you ve been shipwrecked ever since
(Bm Em F#m)

Shadows fall as waters rising, this a cruel calamity
Silhouettes on the horizon, shadows of humanity
Man o ship without a captain, who will clean up the debris?
Look at yourself - see what happened, Justice saw your muti - ny
Man o vessel lost and stranded, how you ve lost your innocence
Look at yourself, understand it, you ve been shipwrecked ever since
(Bm)

But shattered sails still have their glory, beautiful though broken art
Scattered on the rocks a story, fragments of an Author s heart
Man o shipwreck on the high seas look at yourself - see what I see
All the things you could have been
Man o shipwreck on the high seas look at yourself - see what I see
All the things, all the things you could be again
