

I Have Decided
Audacious

Intro " Dm F G G

Verse 1

Give me one day, one more moment with you I pray
I'm holding on as I'm falling deeper in love you each day
You're wonderful so beautiful

Verse 2

Pressing forward leaving the past behind, take hold of all you are
There is nothing, no one compares to you
Your ways, are higher than my ways

Pre Chorus

I turn my eyes towards Jesus
Cause there where my help comes from

Chorus

I have decided to follow you Jesus
I will go where you say go

Stand on the promise that our God is for us
The miracle's coming, The miracle's coming

Bridge

I will find you in valley and the mountain tops
Cause I hear you whispering my name

You are with me in the fire and the darkest night
You're here with me, Yes you're here
