A

is greater than gold

It s been years since I saw her

she s past and gone on

but her bible lays open

on my table at home

It s just a reminder

She prayed for my soul

now she walks up in heaven

on streets of pure gold

(Chorus)

A grandmothers love
is greater than gold
She prays for her children
with heart mind and soul
her heart can t be measured
can t be bought or sold
for a grandmothers love
is greater than gold
