You were running for a shelter

Wondering what s all this fighting for

Bm G D

All the pictures that show

The fire got too close

Oh, they said that you would die

But look at you, you re so alive

So I ll tear my fences down

And build my bridges up

Bm D

Because of you I ve found

That grace is enough

I m learning how to live

By laying down my pride

(G) Bm A

Cause if you can love

Bm G D

Then so can I

**Bm**                      **G**    **D**  
 Son of God, one and only  
**Bm**                      **G**    **D**  
 You left Heaven s glory  
**Bm**                      **G**                      **D**  
 To be abandoned by Your friends  
**G**                      **D**                      **A**  
 In the hour You needed them  
**Bm**    **G**    **D**  
 They watched while You were hurting  
**Bm**                      **G**                      **D**  
 On a cross so undeserving  
**Bm**                      **G**                      **D**  
 Oh, You sacrificed it all  
**G**                      **D**                      **A**  
 For the world You took the fall

**G**                      **D**                      **A**  
 Oh, they said that You had died  
**G**                      **D**                      **A**  
 But look at You, You re so alive

**Bm**                      **D**  
 So I ll tear my fences down  
**A**  
 And build my bridges up  
**Bm**                      **D**  
 Because of you I ve found  
**A**  
 That grace is enough  
**Bm**                      **D**  
 I m learning how to live  
**Bm**    **D**                      **G**  
 By laying down my pride  
                     (**G**)                      **Bm**    **A**  
 Cause if you can love

Then so can I

**Bm**                      **D**                      **A**  
 I haven t felt Your pain  
**Bm**                      **D**                      **A**  
 Now I know I can t stay the same  
**Bm**                      **D**                      **A**  
 So if You can love

**Bm**                      **D**  
 Then, I ll tear my fences down  
**A**  
 And build my bridges up

**Bm** **D**  
Because of you I ve found

**A**  
That grace is enough

**Bm** **D**  
I m learning how to live

**Bm** **D** **G**  
By laying down my pride  
(**G**) **Bm** **A**
