Intro: **F C F C**

Verse:
F   **C**
sky black and blue
F   **C**
blue turned to red
         F   **C**
it s quiet in the streets now
         F   **C**
it s screaming in your head
Amsus4   **F**
i ain t a fool
                  C
i ve got my doubts
Amsus4   **F**
say it doesn t hurt
           C
doesn t matter anyhow
G
anyhow

Chorus:
         F   **C**   **G**
saying hey we re just bleeding for nothing
F   **C**   **G**   **Amsus4**
it s hard to breathe when you re standing on your own
F   **C**   **G**
we ll kill ourself to find freedom
F   **C**   **G**   intro **F**
you ll kill yourself to find anything at all

Intro chords

Verse:
     F   **C**
so lock all the doors
     F   **C**
and put your child to rest
         F   **C**

```
it s quiet in the streets now
        F                         C
it s screaming in your head
          Amsus4
we re passing the time
        F
we re breaking apart
          C
we re damned at the end
          C                 C    G/B
we re damned at the start
Amsus4
blame it on the roses
F
blame it on the red
C
running out of time
G
running out of breath

Chorus:

Bridge:
     Amsus4
you say good-bye
       C
every day and night
        F               Dm
with writing on the walls
    Amsus4            C
everybody s gonna need somebody
            F                             Dm
to take our troubles, and our worries, and our problems all away

Chorus:

End:
F          C          G
hey now, hey now, hey now
Amsus4
right now

End on G
