Augustana " Shot in the Dark

**Fmaj7, C, Am, G**

I had a reason for the life that was ahead of me  
I had a reason, had a rhyme, had a destiny  
I thought i knew where was heading  
I would never look back

I had it all and then i went and let it slip away  
I m working overtime, I m gonna make it anyway.  
Sometimes you win, Sometimes you lose  
Sometimes you never get her back

**F, C, G, C**

Rising up slowly, we re getting higher  
I ve been living with a hole in my heart  
Weighing down on me, but I m a fighter  
Darlin I ve still got a shot in the dark  
Baby, we ve still got a shot in the dark

Sometimes in life you need the people that you think you trust.  
Wake up one day to find that everything had turned to dust.  
I always knew that you d be waiting for me when I got back.

Keep rising up slowly and getting higher.  
I been living with a hole in my heart  
Weighing down on me, but I m a fighter  
Darlin I ve still got a shot in the dark  
Baby, we ve still got a shot in the dark

I m gonna find a way (x3)

I have a reason for the life that s right in front of me  
I ve got a rhyme, got a reason, got a destiny  
I know exactly where I m headed  
And I m never looking back

Cause nothing s holding me back  
And nothing s holding me back...

...from rising up slowly and getting higher.  
I ve been living with a hole in my heart  
Weighing down on me, but I m a fighter  
Darlin I ve still got a shot in the dark

Rising up slowly and getting higher.  
I ve been living with a hole in my heart  
Weighing down on me, man but I m a fighter  
Darlin I ve still got a shot in the dark  
Baby, we ve still got a shot in the dark  
I know that I ve still got a shot.
