### AURORA

[Intro] **F#m A E D9**

**F#m**

With a tiny rope and a bag of stones

**A**

And all her broken wishing bones

**E**

**D9**

She s going in, she s going home

**F#m**

Oh this little golden eye

**A**

Fighting every day

**E**

**D9**

Behind the light, behind the light

**F#m**

Walking faster down the street

**A**

Red eyes and no shoes on her feet

**E**

**D9**

Going on this journey, determined to complete

**F#m**

This is farewell, this is good night

**A**

**E**

The last time she will see the daylight

**D9**

See the daylight

**D**

**A**

And she s going on a journey

**F#m**

**E**

Always walking down the road

**D**

**A**

And the water is always calling

**F#m**

**E**

My little child, please come home

**F#m**

**A**

That s when she went away

**E**

**D9**

Away from the light of day

**F#m**

Standing by the riverside

**A**

Patiently waiting for the tide

**E** **D9**

To come along, to come along

**F#m**

The waters going to her feet

**A** **E**

And on her body wind so cold and sweet

**D9**

So cold and sweet

**D** **A**

And she s going on a journey

**F#m** **E**

Always walking down the road

**D** **A**

And the water is always calling

**F#m** **E**

My little child, please come home

**D** **A**

And the stars were brightly shining

**F#m** **E**

When she reached out they were gone

**D** **A**

And the water started calling

**F#m** **E**

My little child, please come home

**F#m**

Feel the water in her body

**A**

Water s never going out

**E**

Feel the water in her body

**D**

Water s never going out

**F#m**

Feel the water in her body

**A**

Water s never going out

**E**

Feel the water in her body

**D**

Water s never going out

**D** **A**

And she s going on a journey

**F#m** **E**

Always walking down the road

**D** **A**

And the water is always calling

**F#m** **E**

My little child, please come home

**D** **A**

And the stars were brightly shining

**F#m** **E**

When she reached out they were gone

**D** **A**

And the water started calling

**F#m** **E**

My little child, please come home

**F#m**

When a shiny light hits her eye

**A** **E**

And she turned around and climbed towards the sky

**D9**

Towards the sky
