

Conqueror

AURORA

C D
Broken mornings, broken nights

F C
And broken days in between

C D
Open ground, the sky is open

F C
Makes an open a sea

C D
Just like in fiction, in every addiction

F
Oh fantasy s taking over, awake me

C D
I ve been looking for the conqueror

F C
But you don t seem to come my way

C D
I ve been looking for the only one

F C
But you don t seem to come my way

C D
Broken me and broken them

F C
You are broken too

C D
Open ears, their eyes are open

F C
Makes me call for you

C D
But there s no seduction only destruction

F C
Oh fantasy take me over and break me

C D
I ve been looking for the conqueror

F C
But you don t seem to come my way

C D
I ve been looking for the only one

F C
But you don t seem to come my way

C D

I ve been looking for the conqueror

F **C**

But you don t seem to come my way

C **D**

I ve been looking for the only one

F **C**

But you don t seem to come my way

C **D**

I ve been looking for the conqueror

F **C**

But you don t seem to come my way

C **D**

I ve been looking for the only one

F **C**

But you don t seem to come my way
