

**All I Ever Need**  
**Austin Mahone**

**G** **Dadd4/F#**  
Don t the water grow the trees  
**Em7** **Cadd9**  
Don t the moon pull the tide  
**G** **Dadd4/F#**  
Don t the stars light the sky  
**Em7** **Cadd9**  
Like you need to light my life  
**G** **Dadd4/F#**  
If you need me anytime  
**Em7** **Cadd9**  
You know I m always right by your side  
**G** **Dadd4/F#**  
See I ve never felt this love  
**Em7** **Cadd9**  
You re the only thing that s on my mind  
**G**  
You don t understand how much you really mean to me  
**Dadd4/F#**  
I need you in my life You re my necessity  
**Em7**  
But believe me that you re everything That just makes my world complete  
**Cadd9**  
My love is clear the only thing I ve ever seen  
**G** **Dadd4/F#**  
You re all I ever need  
**Em7**  
Baby you re amazing  
**Cadd9**  
You re my angel come and save me  
**G** **Dadd4/F#**  
You re all I ever need  
**Em7**  
Baby you re amazing  
**Cadd9**  
You re my angel come and save me  
Second verse goes the same as the first one.  
Don t the water grow the trees  
Don t the moon pull the tide  
Don t the stars light the sky  
Like you need to light my life  
We can do anything we life  
I know we both can get it right tonight  
You got your walls built up high  
I can tell by looking in your eyes  
You don t understand how much you really mean to me  
I need you in my life

You re my necessity  
But believe me that you re everything  
That just makes my world complete  
And my love is clear the only thing I ve ever seen  
You re all I ever need  
Baby you re amazing  
You re my angel come and save me  
You re all I ever need  
Baby you re amazing  
You re my angel come and save me

**G**
