

## The Noise

Austra

The Noise by Austra

(Capo 1)

[Tabbed by Michele Ulerio]

**Em G**

I can't sleep at night

**Am Em**

the noise, the noise

**Em G**

My eyes they open wider

**Am Em**

the noise, the noise

**Em G**

I came to relate

**Am Em**

the noise, the noise

**Em G**

Help me compensate for

**Am Em**

the noise, the noise

**G Am Em G**

But I wouldn't do anything

**Am G Em**

The thundering that throws me away

**G Am Em G**

I wouldn't do anything

**Em G**

I won't go to church

**Am Em**

the noise, the noise

**Em G**

The preacher wouldn't care for

**Am Em**

the noise, the noise

**Em G**

I don't know what's real from

**Am Em**

the noise, the noise

**Em G**

I can't hear a thing for

**Am Em**

the noise, the noise

**Em**

The noise

**Em**

The noise

**Em**

The noise

**G Am Em G**

I wouldn't do anything

**Am G Em**

The thunder that throws me away

**G Am Em G**

I wouldn't do anything

**Am G Em**

The something that keeps me away

**G Am Em G**

I wouldn't do anything

**Am G Em**

Something that begs me to stay

**G Am Em G**

I wouldn't do anything

**Am G Em**

Something throws me away
