OXFORD BLOOD CHORDS

[Intro]

F# D A

[Verse]

F# **D**
You, you feel like Oxford blood

A

A sedative too much

F# **C#** **D**
And when the effects of you wear off

A

I always come for more

Bm **D**
I see the wisdom in your years

A

E

D

A melting pot of fear and loathing in suburbia

A

Take away the sting so we can live within

E

Our own parameters

[Chorus]

Bm
We could run away avoid a collision

D
Leave us well alone to make our decision

A **E**
I am here with you beside me

Bm
We need a lotta love to combat the evil

D
Lying in a bathtub hoping for a miracle

A **E**
Wash the day away and start again

F# D A

[Verse]

F# **D**
I have furnished all my walls

A

With money; filled the holes

F# **D**
You, you offer me much more

A

A love that is insured

Bm **D**

I see your sympathetic eyes

A

The trembling of your sigh

E

Bm

There s only so much we can take

D

Hand In hand we ll go

A

And all the while we ll know

E

A happy ever after

[Chorus]

Bm **D**

We could run away avoid a collision

A

Leave us well alone to make our decision

E

I am here with you beside me

Bm

We need a lotta love to combat the evil

D

Lying in a bathtub hoping for a miracle

A

E

Wash the day away and start again

F#

Last night I dreamt that we were falling apart

A

So I insisted we begin at the start

C#

To turn us back into a work of art

Bm

[Ohhhh-oh-oh-oooo]

F# **D**

Last night I dreamt that we were falling apart

A

So I insisted we begin at the start

E

To turn us back into a work of art

[Chorus]

Bm

We could run away avoid a collision

D

Leave us well alone to make our decision

A

E

I am here with you beside me

Bm

We need a lotta love to combat the evil

D

Lying in a bathtub hoping for a miracle

A

E

Bm

Wash the day away and start again

F# D A

[Chorus]

Bm

We could run away avoid a collision

D

Leave us well alone to make our decision

A

E

I am here with you beside me

Bm

We need a lotta love to combat the evil

D

Lying in a bathtub hoping for a miracle

A

E

F#

Wash the day away and start again
