[Verse 2] =[Verse 1]
Your satisfaction, no guarantee
All I know is I feel you in me

```
I look around,
This place is a mess
I feel the air through the holes in my dress
Now it s so damn cold,
Here in my soul
And you ll never know how far
I let you go
Downtown, love never lasts
And there s no way you can prepare for the past

[Chorus]
                                          Am
And that s when you shot through my heart
      Em
Whoa whoa
                                     Am
Well you had me right from the start
        Em
Whoa whoa
                              Am
A critical shot to the heart
      Em
Whoa whoa
                                 Am
Now my whole world s fallin apart
