

Love Dont Leave
Avalanche City

Yo, First timer, should be right tho.

Capo on first fret if you please!

Intro:

Am7 Em7

Verse 1:

Am7

Her cheeks were red and cold

Em7

and i held her hand in mine

Am7

she squeezed it tight and i felt the warmth

Em7

escape my bones inside

Am7

we saw a storm from far away

Em7

and we laughed as it wandered by

Am7

then it turned around to hunt us down

Em7

so we ran away to hide and she said

Chorus:

Am7 Em7

love don t leave me now

Verse 2:

Am7

her heart was beating fast

Em7

and i hoped that we could stay

Am7

in our hiding place where it was warm

Em7

and cold could not invade

Am7

we laughed aloud and talked of things

Em7

that happened yesterday

Am7

but the storm could hear our voices clear

Em7

so it came on its way and she said

Chorus:

Am7 **Em7**
love don t leave me now

Am7
well lives in love wont last

Em7
if they wont face the day

Am7
will you answer this she said

Em7
and i hoped it was just a game

Am7
but i saw her skin change before me

Em7
and cold became her face

Am7
so i took my hand from hers

Em7
and began to walk away

Chorus:

Am7 **Em7**
love don t leave me now

Not hard..... There you go!
