

Sunset
Avalanche City

Capo 7

Intro- **C G Am F**

C **G**
The sun set too soon tonight
Am **F**
Now we are in the last of light
C **G**
Far gone is the golden hour
Am **F**
The dark could never dim your eyes

C
We ll tip toe through the streets,
G
And creep over the eaves
Am
And run across the roofs,
F
And hide like common thieves
C **G**
We ll go in till the stars expire
Am **F**
So here is where the culprit lies

Am **F** **C** **G**
Oh we ll steal love songs tonight
Am **F** **C** **G**
Oh we ll steal love songs tonight
Am **F** **C** **G**
Oh we ll steal love songs tonight
Am **F** **C** **G**
It s only you and I

(repeat for the rest of the song)

The sun set too soon in this town
We re pushing statues to the ground
I know you are the wreckless kind
The crashing is the sweetest sound

We ll tiptoe through the streets

And creep over the eaves
And run across the roofs
And hide from the police
Our hearts are picking pockets out
My darling don t you turn back now

Oh we ll steal love songs tonight
Oh we ll steal love songs tonight
Oh we ll steal love songs tonight
It s only you and I

-Whistle-

The sun set to soon tonight
Now we are in the last of light

Oh we ll steal love songs tonight
Oh we ll steal love songs tonight
Oh we ll steal love songs tonight
It s only you and I

Oh we ll steal love songs tonight
Oh we ll steal love songs tonight
Oh we ll steal love songs tonight
It s only you and I

-Whistle-
