

Sunset

Avalanche City

Capo 7

Intro- C# G# Bbm F#

C# G#  
The sun set too soon tonight  
Bbm F#  
Now we are in the last of light  
C# G#  
Far gone is the golden hour  
Bbm F#  
The dark could never dim your eyes

C#  
We ll tip toe through the streets,  
G#  
And creep over the eaves  
Bbm  
And run across the roofs,  
F#  
And hide like common thieves  
C# G#  
We ll go in till the stars expire  
Bbm F#  
So here is where the culprit lies

Bbm F# C# G#  
Oh we ll steal love songs tonight  
Bbm F# C# G#  
Oh we ll steal love songs tonight  
Bbm F# C# G#  
Oh we ll steal love songs tonight  
Bbm F# C# G#  
It s only you and I

(repeat for the rest of the song)

The sun set too soon in this town  
We re pushing statues to the ground  
I know you are the wreckless kind  
The crashing is the sweetest sound

We ll tiptoe through the streets

And creep over the eaves  
And run across the roofs  
And hide from the police  
Our hearts are picking pockets out  
My darling don't you turn back now

Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
It's only you and I

-Whistle-

The sun set too soon tonight  
Now we are in the last of light

Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
It's only you and I

Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
It's only you and I

-Whistle-
