

Sunset

Avalanche City

Capo 7

Intro- Bb F Gm Eb

Bb F
The sun set too soon tonight
Gm Eb
Now we are in the last of light
Bb F
Far gone is the golden hour
Gm Eb
The dark could never dim your eyes

Bb
We ll tip toe through the streets,
F
And creep over the eaves
Gm
And run across the roofs,
Eb
And hide like common thieves
Bb F
We ll go in till the stars expire
Gm Eb
So here is where the culprit lies

Gm Eb Bb F
Oh we ll steal love songs tonight
Gm Eb Bb F
Oh we ll steal love songs tonight
Gm Eb Bb F
Oh we ll steal love songs tonight
Gm Eb Bb F
It s only you and I

(repeat for the rest of the song)

The sun set too soon in this town
We re pushing statues to the ground
I know you are the wreckless kind
The crashing is the sweetest sound

We ll tiptoe through the streets

And creep over the eaves
And run across the roofs
And hide from the police
Our hearts are picking pockets out
My darling don't you turn back now

Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
It's only you and I

-Whistle-

The sun set too soon tonight
Now we are in the last of light

Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
It's only you and I

Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
Oh we'll steal love songs tonight
It's only you and I

-Whistle-
