

Sunset  
Avalanche City

Capo 7

Intro- Bb F Gm Eb

Bb F  
The sun set too soon tonight  
Gm Eb  
Now we are in the last of light  
Bb F  
Far gone is the golden hour  
Gm Eb  
The dark could never dim your eyes

Bb  
We ll tip toe through the streets,  
F  
And creep over the eaves  
Gm  
And run across the roofs,  
Eb  
And hide like common thieves  
Bb F  
We ll go in till the stars expire  
Gm Eb  
So here is where the culprit lies

Gm Eb Bb F  
Oh we ll steal love songs tonight  
Gm Eb Bb F  
Oh we ll steal love songs tonight  
Gm Eb Bb F  
Oh we ll steal love songs tonight  
Gm Eb Bb F  
It s only you and I

(repeat for the rest of the song)

The sun set too soon in this town  
We re pushing statues to the ground  
I know you are the wreckless kind  
The crashing is the sweetest sound

We ll tiptoe through the streets

And creep over the eaves  
And run across the roofs  
And hide from the police  
Our hearts are picking pockets out  
My darling don't you turn back now

Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
It's only you and I

-Whistle-

The sun set too soon tonight  
Now we are in the last of light

Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
It's only you and I

Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
Oh we'll steal love songs tonight  
It's only you and I

-Whistle-
