

## The Silence

### Avalanche City

Capo: 2nd fret (I've seen him place the capo on the 4th or 5th fret, place it wherever you're comfortable)

[G] I remember a conversation, [Em] at a restaurant  
[C] With a friend of mine, heâ€™d a successful mind  
[G] And he told me of his [D] life  
[G] And the plans heâ€™d made to come this far  
[Em] Had gone so well and now weâ€™re all so proud of [C] him  
And he told me how  
But I [G] couldnâ€™t bear to [D] listen

(G) Cause all my life Iâ€™ve heard  
Of the (Em) dreams of the organized  
To be the [C] best in the company  
To win the [G] awards but thatâ€™s not me [D]  
Cause [G] all my life all I ever [Em] wanted  
Was a [C] love that lasted longer than the [G] silence

[G] All my life, [Em] all my life  
[C] Was a love that lasted longer than the [G] silence

[G] I had to say that I had to leave  
Cause [Em] it was on my mind  
That all he [C] set in me were insecurities  
But that [G] dream was never mine [D]  
Cause the plans [G] I thought Iâ€™d made so far  
Had gone [Em] alright but all that I feel now is doubt [C]  
And he told me why  
But I [G] couldnâ€™t bear to listen [D]

[G] Cause all my life Iâ€™ve heard  
Of the dreams [Em] of the organized  
To be the [C] best in the company  
To win the [G] awards but thatâ€™s not me [D]  
Cause [G] all my life all I ever [Em] wanted  
Was a [C] love that lasted longer than the [G] silence

[G] All my life, [Em] all my life  
Was a [C] love that lasted longer than the [G] silence
