Where Clock Hands Freeze " Avantasia

Album: The Mystery of Time

Year: 2013

L/M: Tobias Sammet

Singers: Tobias Sammet/Michael Kiske

Capo 1

Verse 1:

Bm **A**
You re caught in the land of no sun
G **D**
Without reason or rhyme
A5
You re avid for splendour
Bm **A**
The spin of the hand is your pace on the run
G **D**
We got no time to turn
A5
When we strive after grandeur

Bridge 1:

Em **D** **Em**
Here you got your hero slicing up your ecstasy
D
On the verge of lunacy
Bm **C**
There s no time to lose
D
No chance to refuse - ah

Chorus 1:

G **D** **C**
Will you deny what you see
C/B **Am** **G** **D**
(as you) tear down the nature of reason
G **D** **Bm**
That has shown you the way
C **D**
Where clock hands freeze

The Patterns are the same for the rest of the song.

Vers 2:

I know what I see
And I know what I don't
Through your dark swamp
I walk on deductive conclusion
A little more time?
I admit I would take
But then again
It would mean more time for confusion

Bridge 2:

You think you got your prodigy
Everytime your eyes don't see
Victim of perplexity
There's no time to lose
No need to refuse

Chorus 2:

Will you deny what you see
Tear down our nature of reason
That has shown you the way
Where clock hands freeze

Final Chorus 2:

Will you deny what you see
Tear down our nature of reason
That has shown you the way
Where clock hands freeze

Enjoy!
