

**Angels**

**Avenged Sevenfold**

[Primeira Parte]

**Em C F#m B7**  
Took me years to make my motives clear

**Em C F#m B7**  
And the days have not been kind

**Em C F#m B7**  
Once a steady gaze and charming smile

**Em C F#m B7**  
Has been buried in the lines I find

**Em C F#m B7**  
I walk in the noise, quiet employs

**Em C F#m B7**  
And darkness seems to know just where I am

[Refrão]

**C Am E E**  
Mother wash the devil from my hands

**C Am E E**  
Pray the Lord I have the strength to stand

**C Am E E**  
Mother, tell me was it all a lie?

**E C Am E**  
Show me where the angels die

[Segunda Parte]

**Em C F#m B7**  
There are words that never found my lips

**Em C F#m B7**  
There are words I d soon forget

**Em C F#m B7**  
Thought the trick was never to look back

**Em C F#m B7**  
But it seems I ve lost my grip, I slip

**Em C F#m B7**  
The faster we run now, the closer the gun now

**Em C F#m B7**  
And somehow all the bullets bear my name

[Refrão]

**C Am E E**  
Mother wash the devil from my hands

**C Am E E**  
Pray the Lord I have the strength to stand  
**C Am E E**  
Mother, tell me was it all a lie?  
**E C Am E**  
Show me where the angels die

Terceira Parte:

**Em C F#m B7**  
Took the road but should have chased the stars  
**Em C F#m B7**  
Now I ve lost my own way home  
**Em C F#m B7**  
Had a photo of the time we shared  
**Em C F#m B7**  
But I burned it long ago, I know

**Em C F#m B7**  
I struck the matches stuck in the ashes  
**Em C F#m B7**  
Forgive me, won t you simply speak my name

[Refrão]
