[Intro]
C-G-Am-Em-F-C-G x2
[Verse]
                       Am
A lonely road, crossed another cold state line
                C
Miles away from those I love purpose hard to find
                      Am
While I recall all the words you spoke to me
Can t help but wish that I was there
Back where I d love to be, oh yeah
[Chorus]
         Am
Dear God the only thing I ask of you is
to hold her when I m not around,
when I m much too far away
                 Am
We all need that person who can be true to you
But I left her when I found her
And now I wish I d stayed
           F
'Cause I m lonely and I m tired
                 Am G F
I m missing you again oh no
Once again

There s nothing here for me on this barren road

```
There s no one here while the city sleeps
and all the shops are closed
                          Am
Can t help but think of the times I ve had with you
Pictures and some memories will have to help me through, oh yeah
[Chorus]

     G

Some search, never finding a way
       G F
Before long, they waste away
       G F
I found you, something told me to stay
    G F
I gave in, to selfish ways
And how I miss someone to hold
when hope begins to fade...
                       Am
                                          Em
A lonely road, crossed another cold state line
Miles away from those I love purpose hard to find
