Avenged Sevenfold

Band - Avenged Sevenfold

Song - Fiction

Album - Nightmare (2010)

I was listening to this song and screwing around and figured out the chords and the main piano part, it s pretty accurate to me, but what do you guys think? please rate and comment, and best of all, enjoy!:)btw, I m not good at making tabs, and I know the piano intro tab sucks but it s accurate if you can readrrectly. I find it kind of creepy that The Rev wrote this and sang it three days before he died, it s such a powerful song though, just saying.....
