C **Em**
Lost the meaning of our stay
C **Em**
Learn to live another day
C **Em**
Doubt the choices that we ve made
Am
I know that we can t hide our shame
G
It s only in disguise

C **Em**
Drowning in a room to breathe
C **Em**
Full of thoughts as though we re free
C **Em**
Close our eyes so we can see
Am
The depth of all we mean to be
G
If only in my eyes

[Chorus]

Em **C**
I don t mind
Em **C**
Mother cries (tortured voices as we crawl)
Am
Find me on my better days
C **Em**

To lose it once again, in a way

C **Em**
So try and love me while you can
C **Em**
And take the time to understand
C **Em**
As long as I can touch your face
Am
You know I ll never leave this place
G
If only in my mind

[Chorus]

Em **C**
I don t mind
Em **C**
Mother cries (tortured voices as we crawl)
Am
Find me on my better days
C **Em**
To lose it once again, in a way

E **Bsus2**
Silence, all I want to say
C
Seems to run away
D
I ll run away with you tonight
E **Bsus2**
Launder all my sins away
C
And just like that mistakes are made
D
You know, tonight the world...

Em **C**

... dies, I don't mind

Em **C**

Mother cries (tortured voices as we crawl)

Find me on my better days
