

What's left to find? Cause I need a little more

Bb **Ab**

I need a little time, can we even up the score?

Cm

Some say this can't be real,

Ab **Bb**

And I've lost my power to feel tonight

Eb **G**

We're all just victims of a crime

Cm

When all's gone and can't be regained,

Ab **Bb**

We can't seem to shelter the pain inside

Eb **G**

We're all just victims of a crime

(1st solo)

Cm **Fm** **Eb**

Nothing lasts forever, for all good things it's true

G **Cm**

I'd rather trade it all, while somehow saving you

Fm **Eb**

It must have been the season that threw us out of line

G **Eb**

Once I stood so tall, now I'm searching for a sign

Bb **Cm**

So don't need your salvation with promises unkind

Fm **Eb**

And all the speculation, save it for another time

Bb **Cm**

Cause we all need a reason, a reason just to stay, and some just can't be bothered

Cm

To stick around another day

(2nd solo)

Cm

Some say this can't be real,

Ab **Bb**

And I've lost my power to feel tonight

Eb **G**

We've all been victims of a crime

Cm

When all is gone and can't be regained,

Ab **Bb**

We can't seem to shelter the pain inside

Eb **G**

We've all been victims of a crime

Eb **G**
Victims of a crime
