Time On You

D **B/D** **E/D**
I wish I knew how to be someone who
D **B/D** **E/D**
Forgot to cross their fingers every time
Em **D**
Now it s summer time and I m looking at the same year
A
This is not your friend
A **Bm** **A** **G** **F#** **Em** **B/D** **E/D**
This is not your friend to lose

I wish I knew how to be someone with
The kind of air about them that just fit
But I ve spent so much time introspecting
I donâ€™t think that I will make it

I ve spent so much time
I ve spent so much time on you
E7 **A**
I can t tell if I had to
D **G**
So if you re feeling kind of blue
D **G** **Bm** **Bb/Bm** **A/Bm** **G#/Bm**
And she s about to break the groove
Bm **Bb/Bm** **A/Bm** **G#/Bm** **G**
I cry into exhaustion, in a sleep where you can t see me
Bm **Bb/Bm** **A/Bm** **G#/Bm** **G**
Following dandelions and subtleties that you find in my dreams

G **F#/G** **Em** **F#m** **D**
Oh I m glad, no one can talk
G **F#/G** **Em** **F#m** **D**
Come to bed, you re so bold
G **F#/G** **Em** **F#m** **D**
I have read those books you wrote
G **F#/G** **Em** **F#m** **D** **D** **G**
I ve learned much from song quotes

I wish I knew how to be someone who
Forgot to cross their fingers every time
Now it summer time and I m looking at the same year
This is not your friend
This is not your friend to lose

A few notes....there is soooo much like improv in the song such as hammers ons which arent in the tab. Its all tabbed from ear. The chords are spot on heres a link to a live video where you can see the chords and the all the great little extra notes avi puts in there.
