

Wheres Your Dirty Mind
Avi Buffalo

My first tab here, beautiful tiny song by this young band.

Intro: **C** / **Em** / **Am/G/F** / **Em** / **Am/G/F** / **Em** / **C**

C **Em**
Where s your dirty mind?

When you need it

Am **G** **F** **Em**
you left that in your 8th grade suit,
Am **G** **F**
maybe some girls would think it cute,

Em **C**
if you put in on, show em what you made off, yeah

I didn t figure all the chorus out, by I m quite sure its starting with Bb, then
F, then maybe Cm, its a four chords structure though.

The strumming is pretty obvious by listening to the song, and I m too lazy to
write the whole lyrics :)

Feel free to comment and correct my english.
