I hear music in the air tonight

One familiar fading tune

I burned your world away
A
Devoured by my conviction
C Dm
I left you home afraid

Don t cry when lanterns fade

Soon we ll be awakened

A Dm
I could be your own avenging angel
A F
But this dream is ending soon
A Dm
Don t you scream when all the wolves come find you
A F
Underneath this bleeding moon

[Chorus]

C Dm

I burned your world away

A

Devoured by my conviction

C **Dm**

I left you home afraid

While mother s ventured out

C **Dm**

Don t cry when lanterns fade

A

Soon we ll be awakened

C **Dm**

But it breaks my heart to say

A

No one will save you now

[Verse]

A **Dm**

Listen closely for your sister s footsteps

A **F**

Lest you fade here all alone

A **Dm**

I have never seen a night this haunting

A **F**

In these streets of blood and bone

A **Dm**

I can t hold the beast

Dm

that crawls through my veins

A **F**

Sacrificing my own eyes

A **Dm**

No confessions left to purify me

A **F**

Something s watching from the skies

[Chorus]

C **Dm**

I burned your world away

A

Devoured by my conviction

C **Dm**

I left you home afraid

A

While mother s ventured out

C **Dm**

Don t cry when lanterns fade

A

Soon we ll be awakened

C **Dm**

But it breaks my heart to say

A

No one will save you now

C **Dm**
I hear music in the air tonight

A
One familiar fading tune

C **Dm**
I can't save you from the monsters coming

A
But we'll wake up very soon

A
Forgive me...
