[Intro] **Em C G**

Em C G D

Em C G
You stripped your love down to the wire

Em C G D
Fire shy and cold alone outside

Em C G
You stripped it right down to the wire

Em C G D
But I see you behind those tired eyes

Em C G
Now as you wade through shadows that live in your heart

Em C G D
You ll find the light that leads home

Em C G
Cause I see you for you and your beautiful stars

Em C G D
So take my hand, don t let go

[Refrão]

Em C G
Cause it s no_____t too late, it s not too late

Em C G D
I, I see the hope in your heart

Em C G
And someti__mes you lose it, sometimes you re shooting

Em C G D
Broken arrows in the dark

Em
But I, I see the hope in your heart

(**Em C G D**) (8x)

(**Em C G**)

Em C G
I ve seen the darkness in the light

Em C G D
The kind of blue that leaves you lost and blind

Em C G
The only thing that s black and white

Em C G D
Is that you don t have to walk alone this time

Em C G
We have to tear down walls that live in your heart

Em C G D
To find someone you call home

Em C G
Now you see me for me and my beautiful scars

Em C G D
So take my hand, don't let go

[Refrão]

Em C G
Cause it's no_____t too late, it's not too late

Em C G D
I, I see the hope in your heart

Em C G
And someti__mes you lose it, sometimes you're shooting

Em C G D
Broken arrows in the dark

Em
But I, I see the hope in your heart

(**Em C G D**) (8x)

Em C G
Cause it's no_____t too late, it's not too late

Em C G D
I, I see the hope in your heart

Em C G
And someti__mes you lose it, sometimes you're shooting
