

**Remember When**  
**Avril Lavigne**

**C**                      **G**  
Remember when I cried  
   **Am**  
to you a thousand times  
                                 **F**  
I told you everything  
                                 **C**  
you know my feelings  
                                 **G**  
it never crossed my mind  
                                 **Am**  
that there would be a time  
                                 **F**  
for us to say goodbye  
                                 **C**  
what a big surprise  
                                 **G**  
but I m not lost  
                         **Am**  
I m not gone  
                         **F**  
I haven t forgot

Refrão:

**C**  
These feelings I can t shake no more  
**G**  
These feelings are running out the door  
**Am**  
I can feel it falling down  
**F**  
and I m not coming back around  
**C**  
These feelings I can?t take no more  
**G**  
This emptiness in the bottom drawer  
**Am**  
it s getting harder to pretend  
**F**  
and I m not coming back around again
