D   **F#**   **Bm**   **G**
I hugged the wife and drove to work today
D   **F#**   **Bm**   **A**
It was only a few miles
D   **F#**   **C**   **G**   **D**
Was in no hurry   but the lights were changing up ahead
        C   **G** **A**
So I stepped on the gas

D   **F#**   **Bm**   **G**
I checked the web and left it on over night
D   **F#**   **Bm**   **A**
Downloading all the latest files
D   **F#** **C**   **G**   **D**
Peer to peer, the torrent flows into my life
      C   **G**
And I disconnect

        Bm
We all know
        D   **Em**   **G**
We all know, no need to remind us
        Bm
We all know
        D   **Em**   **G**
We all know but won t connect the dots
        Bm
We all know
        D   **Em**   **G**
We all know, locked away inside us
C   **G**   **D**   **A**
We are dying for tomorrow
C   **G**   **D**
We are living for today

D   **F#**   **Bm**   **G**
I rushed back home to my family
D   **F#**   **Bm** **A**
I got my son a brand new game

```
D             F#
No need to cook,
   C                   G
I picked up fast food on the way
     D    C          G    A
And it s finger-licking good

D        F#        Bm          G
Have you seen little Steve today?
D               F#          Bm   A
Guess he s still up there in his room
          D        F#
But if he  comes down too
         C              G              D
I ll be right here just staring at the tube
C          G
Playing his game

        Bm
We all know
        D      Em       G
We all know, no need to remind us
        Bm
We all know
        D         Em             G
We all know but won t connect the dots
        Bm
We all know
        D      Em           G
We all know, locked away inside us
C       G          D      A
We are dying for tomorrow
C       G         D
We are living for today

D

D        F#             Bm         G
Don t you think it s rather warm tonight
D        F#             Bm   A
Especially for the time of year
  D            F#
I turn up the air
C       G             D
Pull the sheets up to my chin
C       G         A
And I close my eyes

D       F#             Bm   G
Can t relax, can t fall asleep
D       F#             Bm             A          D
```

```
Should I take another pill? (Should I take another pill?)
   D            F#            C        G        D
I turn up the lights, light up a cigarette and smile
C          G
I ve got it made
