River Of Time
Ayreon

```
Dm                                    Am
Is it too late to prevent their fall?
Gm        C                           A
Are they ready for the key to it all?
     Dm                              Am
The mystery solved, the answer to life
      Gm       C        Am          Dm
The final solution, a chance to survive

Dm                                Am
We can save this ill-fated race
Gm        C                        A
Who are lost in the ocean of space
Dm                                      Am
Show them the way to reverse their decline
Gm          C          Am        Dm
Guide them back on a river of time

Dm                                Am
Follow the wave, speed up the flight
Gm         C                      A
Slow down time, faster than light
     Dm                               Am
You might let the forces take a giant leap
Gm       C           Am        Dm
And the stream dive into the deep

Dm                                Am
We can save this ill-fated race
Gm        C                        A
Who are lost in the ocean of space
Dm                                      Am
Show them the way to reverse their decline
Gm          C          Am        Dm
Guide them back on a river of time

Dm                                Am
Send back visions of war and decay.
Gm           C                          A
Paradigms of fear in a world of dismay.
Dm                         Am
Shape the present, alter the past.
Gm          C          Am            Dm
Create a new future, one that would last
