Verse:
It s time to terminate the great wide world
Morbid fascinations, television takes control
Decimation, different races fall
 Electronic information tampers with your soul
Bridge:
There s a fire between us, so where is your god?
There s a fire between us...
                                C
 I can t get off the carousel, I can t get off the carousel
 I can t get off the carousel, I can t get off this world
                         F
                                       Αm
 The sicking tastes, homophobic jokes, images of fascist folks
 Beam me up cos I can t breathe...
Chorus:
Am
                               C
                                      В
                                                C
                                                      F
 Spaceman, I always wanted you to go into space, man, intergalactic cries.
                                       В
                                                       F
 Spaceman, I always wanted you to go into space, man, intergalactic cries.
Outro:
                     C
Spaceman, spaceman, spaceman
                     C
Spaceman, spaceman, spaceman
       C
            E
                   C
 Sp-ace-man, sp-ace-man
       C
            \mathbf{E}
Sp-ace-man, sp-ace-man
[repeat and fade]
