

Gang Of Gin
Babyshambles

This tab is not my work, however I thought it really ought to be on UG. It used to be on mxtabs before it got shut down and I managed to find it again on * so the credit goes to whoever worked it out. It is a very good tab, 100% correct for one guitar but it doesn't have the riffs that go on behind many of the chords, if someone could work those out then that would be great.

2nd VERSE

I get around to singing about
That gang of gin I m in
Then you ll know
The kind of game I m in
She was getting pally with a scally in the alley
Giving head for gear
She calls a spade a spade
Got slit from ear to ear

CHORUS again

```

E (779997)          C#m(9 11 11 9 9 9)
I ll tell you my story
C#m                  G#m
The treachery it bores me
C#m                  G#m
Carl and McGee both promised me
A (577655)          B(799877)
It would not happen this way

```

Carl is kept sedated

The frontman elevated
And McGee doing all he can to ruin my band
And keep me out the way

In this industry of fools
Musclemen and ghouls
If you re not a puppet or a muppet
Then you might as well call it a day-ayay

The truth here gets distorted
The wall scrapings get snorted
I m welcome back if I give up crack
But you gave me my first pipe anyway

Can t show no decorum
