I added the chords to the lyrics here, and this tab is the intro arranged for one acoustic guitar.
You can play this part in between the different verses, after the *Chorus*, whatever you like.

 So shut your mouth,
 C B7 Em G
 Look at your tongue it s hanging out
 C B7 Em G
 As you whistle down the wind
 C B7 Em G
 From the north down to the south

What was done but never said
 When all is still, the thrill is dead
 If you re pissing in the wind,
 Watch your feet, watch where you tread

Em G C B7
 Cause it s a minefield out there
Em G C B7
 Yeah it s a minefield out there

Em
 Have you ever heard such a thing in your life as three blind mice?

So shut your mouth,
 Look at your tongue it s hanging out
 Where s your song that s not been sung?
 Oh what s up, cat got your tongue?

Oh I forget myself, how impolite
When I said so long to wrong from right
I m wondering when you ll come along
Cause my mind is on the run

And it s feline, feline, feline...
My mind is on the run
My mind is on the run
My mind is on the run

So sit around,
Find a job and settle down
They ll be tracking your tail,
From booking to bail

Just shut your mouth,
(My mind is on the run)
Look at your tongue still hanging out
(My mind is on the run)
As you whistle down the wind
(My mind is on the run)
From the north down to the south
(My mind is on the run)

Ah it s a minefield out there
(My mind is on the run)
Yeah it s a minefield out there
(My mind is on the run)
(So shut your mouth)
It s a minefield out there
(My mind is on the run)
(Look at your tongue it s hanging out)
It s a minefield out there
(My mind is on the run)

My mind is on the run
My mind is on the run
My mind is on the run
My mind is on the run
