These are the lyrics for the second verse. Play the same chords as the first verse.

Don t try me
Lie to me
Patronise me
Talk down to my friends
Don t neglect me
Forget me
Be angry at me
Say things to offend

Play Chorus

Bridge: | **E** | **A** | **G#m** | **F#** |

| **E** | **A** | **G#m** | **A** |

E A

Every time I get home

G#m

You re suspicious of where I ve been

F#

And who I ve seen

E A

You re so jealous of any little thing

G#m

That takes up my time

A

It don t have to be that way baby

There s an interlude thingy here where James does heaps of soloing. But i could only work out the chords.

They are: | **G#m** | **D#m** | **A** | **E** | x2

Then it goes to the third verse

Don t hit me
Frighten me
Threaten me
And order me around
Don t guilt me
Pressure me
Make demands on me
Keep putting me down

play the chorus once.

Then there is a key change, so the chords for the chorus are:

| **F#m** | **Bm** | **Em** | **A7sus** |

| **F#m** | **Bm** | **Em** | **A7sus A** |

Play this chorus twice.

Then theres an outro sort of thing.

He just plays the verse a few times.

Hope you enjoy this song.

I always enjoy playing it.

Seeya.
