(**G#m B C#m**) - 3x   **G#m**

```
          B            C#m                              G#m
There you go tryin to crash in my dreams again
          B                  C#m        Gm
when I m trying to get over you.
                        B
I feel (tell) my heart but
  C#m                           F#
I can t seem to comprehend
    E                 G#m
A day without you.
             B
Now you re gone
        C#m
Got a life
                      G#m
But I wear the scars
    B            C#m        G#m
Reminding me by the hour
        B         C#m                             F#
But its time to accept its the way the things are
    E                  C#m
I wish I could but...

Can t imagine it any other way
        F#          G#m     B    C#m
Girl without you it s only wasted space
            F#      G#m        B
You re gone and I ll always wonder
   E               F#         G#m  B

C#m        G#m B C#m   G#m

```
        B                 C#m                  G#m
Since you drained all the color out of the sky
   B         C#m        G#m
How am I supposed to feel
             B        C#m              F#
It s like I m living in somebody else s life
   E                  C#m
Tell me it s not real..
