

I Need You Tonight
Backstreet Boys

C G Am F
Open up your heart to me
C G Am F
And say what's on your mind
E C G F
I know that we have been through so much
E C G F G
But I still need you in my life this time...

C G
I need you tonight
Am F
I need you right now
C G
I know deep within my heart
Am G F
It doesn't matter if it's wrong or right
C G Am F
Coz I need you tonight

C G Am F
I figured out what to say to you
C G Am F
Sometimes the words come out so wrong
E C G F
I know in time that you will understand
E C G F
That what we had is so right This time

C G
And I need you tonight
Am F
I need you right now
C G
I know deep within my heart
Am G F
It doesn't matter if it's wrong or right
