**Backstreet Boys**

**A F#m**

Madeleine

**B7**

What s up with those tears in your eyes

**D**

What happened when you shut down,

**A**

And all the amber lights turned into red

**F#m**

In the silence of your cave, you feel safe

**B7**

You decorate it with velvet drapes

**D**

Outside you see the dark woods

**A**

But you don t know there s fields of gold ahead

**D E**

Hold on, don t let go

**F#m A**

Hold on, you ll know

**D E**

Help is on its way

Refrão:

**A E Bm**

Rise up, rise up, rise up, Madeleine

**D E**

The sun will come out again

**A E Bm**

Rise up, rise up, rise up, Madeleine

**D E**

The summer will come and

**A**

Kiss you with honesty

**E**

Love you unconditionally

**Bm**

Trust you and let you breathe

**D E**

Give you back your dignity

**A E F#m**

So rise up, rise up, rise and live again

**D E**

Cause only you can Madeleine

**A E Bm D E A**

Ooh, ooh, ooh, Madeleine

**F#m**

**B7**

Remember when we used to sit and watch from the bridge

**D**

And wonder where the ships would go

**A**

Who was on and what they would find out

**F#m**

You wrote it in a notebook

**A**

**B7**

**D**

And said someday that this would be a story to tell

**A**

**F#m**

And you'd put it in a movie, maybe be the movie star

**Bm**

**E**

Something stole your tears and wiped your smile away

**D E**

Hold on, don't let go

**F#m A**

Hold on, you'll know
