

Never Gone
Backstreet Boys

I really miss you
There s something that I gotta say

F **Dm**
The things we did, the things we said
Bb **C**
Keep coming back to me and make me smile again
F **Dm**
You showed me how to face the truth
Bb **C**
Everything that s good in me I owe to you

F **Dm**
Though the distance that s between us
Bb **C**
Now may seem to be too far
F **Dm**
It will never separate us
Bb **C**
Deep inside I know you are ...

Chorus:

F **Dm**
Never gone, never far
Bb **C**
In my heart is where you are
F **Dm**
Always close, everyday
Bb **C**
Every step along the way
Dm **Am** **Dm**
Even though for now we ve got to say goodbye
Dm **Am** **C** **Dm**
I know you will be forever in my life
F
Never gone

F **Dm**
I walk alone these empty streets
Bb **C**
There is not a second you re not here with me
F **Dm**
The love you gave, the grace you ve shown
Bb **C**
Will always give me strength and be my cornerstone

F **Dm**

Somehow you found a way

Bb **C**

To see the best I have in me

F **Dm**

As long as time goes on

Bb **C**

I swear to you that you will be

(Repeat chorus)

F

Never gone from me

F **Dm**

If there s one thing I believe (I believe)

Bb **C**

I will see you somewhere down the road again

(Repeat chorus)
