

**Nowhere To Go**  
**Backstreet Boys**

**A** **Bm**  
Looking for beauty in a certain

**D** **G**  
Finding the strength inside a gray

**A** **Bm**  
Maybe you re heading for a breakdown

**D**  
And maybe that s ok

**A** **Bm**  
Could be that you re hanging on for dear life

**D** **G**  
Maybe you need to get a grip

**Em**  
Cause you re the only one

**A**  
That makes me feel like this

**C** **G** **D** **A**  
Save me I m falling again

**C** **G**  
Keep me from

**D**  
Breaking in a million pieces

**Em** **C** **D** **A**  
In the end no matter what I do

**C** **D**  
There s nowhere nowhere to go

**A**  
Nowhere to go but you **Bm** **D** **G**

**A**  
Tryin to make nothing

**Bm**  
Out of Something

**D** **G**  
Promise myself I wouldn t care

**A** **Bm**  
Maybe you re making me a liar

**D**  
Cause I m sitting here

**A** **Bm**  
Finally cracking my resistance

**D** **G**  
And find a way to wear me down

**Em**  
I just look at you

**A**

And there s no way out

**C**

Every single road I take (it s you)

**G**

Asleep or wide awake (it s you)

**Em**

**D**

And it s too late for anyone to save me
