Backstreet Boys

[Intro] D A G
D A G
D G D G

D A
Here I am again
G D
Waiting on the moment you decide
A G
To leave me stranded on the edge of nowhere
D A G
I ve been so close to you so many times
D
I feel like I could drown
A G
I wish that I could fly away from here

Bm G
But I m still coming down
A
From the last time
Bm G
That you came around
A
In the starlight
Bm G A
Now I m pulling to your gravity

Spinning helplessly
Em A
I m falling through the night
Em D G
Like a lonely satellite
D G
Like a lonely satellite

D A
We walked on Jupiter
G D
Fool around the moon a time or two
A G
Left a mark on every star we could find
D A G
But now I m burning like a meteor
D
That never hits the ground
A G

Wish that I could fly away from you

Bm G

But I m still coming down
