That's what she said Backstreet Boys

D

There are people

Who say what you wanna hear

Even on a rainy day

Α

They tell you the sky is clear

When you really really love someone

Am I right when I say

That you want them near

And if you can, you ll even tell

Them things that they wanna hear

Chorus:

D G

Always, forever

All the things she said

D G

Never say never

Those simple lies that she fed

G

I will never leave you

All the love I thought she had

But can you blame me

No

Α

Mmmm

Cuz that s what she said

That s what she said

She told me we d see forever

G

That s what she said

```
She said
D
Yeah
And there are people who
Say what they really mean
She said she d always be there
She said she d always care
But just when you think that you can trust that
someone you love
Tell me
how do you know
How stars can fall from above
Chorus(1) and chorus 2
That s what she said
She told me we d be together
That s what she said, she said ya
Cause you made promises
That you couldn t keep
But you re not hurting yourself
You re only hurting me
           Em
Why would you say things
That you really didn t mean
Oh how can I make you see
Just what you did to me
You said how much
You really cared
Just when I thought I was in love
```

Girl, how could you dare

D

If I were you I could never

Bm

Lie even once

To the face of the one

Α

That I love so much

Chorus
