

Quiet

Bad Astronaut

Bad Astronaut

Acrophobe

Quiet

This is a sweet little song I couldn't stop thinking about, nice easy tab.

C **G**
Violence has no charm still

A **G** **F**
Still I'm waiting for your arm

C **G**
Someone said goodbye

A **G** **F**
And now no one misses you

D E G F F

C **G**
And they might see you around

A **F**
in this quiet little town

C
talking of islands and

G **F** **C**
the knife you have still in your back

C
And they might

G **A**
See you there saying no one

F **C**
ever cared I still remember

G **F** **C**

I still remember how soon you forget
