

A shallow shadow hung across my brand new drapes.

A **E**
And I gave my car away,

A **E**
down towards the post office.

A **E** **B**
Man told me he needed it more.

A
I believed him, went home and slept more.

A **E**
And that s what gets me sometimes,

A **E**
that s what struck me blind,

A **E**
And that s why there s no time.

A **E**
That s why I still try,

A **B**
and that s why...

A
I begged you everything,

E
I begged you everything.

A **E**
Begged you everything, everything.

A **E** **B** **E**
Fuck am I supposed to do when

A **E** **A** **E**
you just lie your arms in mine?

A **E** **B** **E**
Fuck am I supposed to do

A **E** **A** **E**
when you never lie about tellin a lie?

A **E** **B** **E**
So what was I supposed to do?

A **E** **A** **A**
Just keep on trying through sleepless nights?

A **E** **B** **E**
Fuck am I supposed to choose?

A **E**
Cause I begged you everything, everything.

A **E**
I can remember wishing that

A **E**
the season had lasted a little longer.

A **E** **B**
It don t, and we die.

A

If not me, then to my pride.

E

If not now, then tonight.

A

If not then, we just might

E

give up trying.
