Intro: **Am, C, G**

**Am** **G**  
I Want you, now and forever

... That s why did you do it

**E** **G**  
I miss you, now that you ve gone

... I m not a type of girl to mess around with

**Am** **G**  
I just called to say, I really love you  
... You should have thought of that before

**E**  
And girl I do regret

**G**  
Every single word that I said

**Am** **F** **G**  
The night is so empty without you

**E** **Am**  
And loneliness falling upon my mind

**F** **G**  
I m trying to touch you in my dreams

**E**  
My heart is crying, baby

**Am C G Am**  
Oooh, how I need you!

... **Am C G**

**Am C G Am**  
Oooh, how I need you!

... **Am C G**

**Am** **G**  
I m waiting, every nighttime  
... My nights have been so lonely since you ve been gone

**E** **G**

I ll kiss you, and hold you tight  
... I dream about this feeling every night

**Am** **G**  
What I mean girl, I really changed now  
... I d really love to believe you

**E** **G**  
I swear to you, I do! Girl, I ll never make you blue!

**Am** **F** **G**  
The night is so empty without you

**E** **Am**  
And loneliness falling upon my mind

**F** **G**  
I m trying to touch you in my dreams
