Start with a pick slide;

Verse:

D#   **F#**   **C#**   **B** / **C** / **C#**
This song goes out to all the hopeless sinners
D#   **F#**   **C#**   **B** - **F#**
With Grave allegiances so meaningless and vain
D#   **A#** / **B**   **C#**   **D#**
The walking wounded, in a pageant of contenders,
E   **B**
F# (let ring)
who balance on a rail of pain for just a pail of rain

Chorus:
                                D#   **B**   **F#**
 e#
And everything is barely mised- blood relations and bricks
D#   **B**
My expression, my confession

```
F#                           A#                        D#
Add it up, extract a lesson - more than this
        B                F#          D#
Once again, like a bullet, as a freind tell me;
D#                B          D# (let ring)
Can that be all there is?

D#                 F#           C#                      B / C / C#
In my rectory of doubt i kneel to prlay like one devout
D#                                 F#                      C#
          F# -C#
As time the great gray dreamless sleep of a useless modern god
D#                           A# / B                      C#   D#
Erodes away each storied day as wreched Adams with hell to pay
E                            B                        F# (let
ring)
Content upon a rail of pain for just a little rain

                             D#            B            F#
 e#
And everything is dearly mised- blood relations and bricks
D#                          B
My expression, my confession
F#                       A#                        D#
Add it up, extract a lesson - more than this
        B                F#          D#
Once again, like a bullet, as a freind tell me;
D#                B          D# (let ring)
Can that be all there is?

  D# - C#-D# (let ring)
There s space for a paper airplane race in the eye of a hurricane
D#                                    A# / B
And if pigs could fly then surely so could I
                    D#                            C#
But this pedestrian know better than to even try
            G                 B                            F#
```

My divinity is caught between the colors of a butterfly
