

**Bored And Extremely Dangerous
Bad Religion**

Artist: Bad Religion

Song: Bored and Extremely Dangerous (acoustic version)

Here s an acoustic rendition of another great Bad Religion song. I can t take credit for creating this rendition, it was done by a very talented girl on YouTube by the name of Emily (a.k.a 2hamsters1couple), she does fabulous Bad Religion acoustic covers. I wanted to learn to play her version of this so I tabbed it out. It s very easy to play, and lots of fun to sing along to. Good song for working on your singing-while-playing ability.

Check out her channel if you like this:

Play with a quick 4/4 time strum, the good old down-down-up-up-down-up rhythm works perfectly.

(scrape the strings muted with your fretting hand with a quick up/down up/down then go right into the song)

With nothing better to do
(G#5) G5 F#5 C#5 G#5 G#5
