A# **G#**

A# **G#** **C#** **C** **A#** **G#**

Weak and sick, dying in the sand, no such thing as a promised land.

A# **G#** **C#** **C** **A#** **G#**

Don t lose faith in a better life reincarnation, poor excuse.

A# **C#** **A#** **F#** **F** **D#**

you re dying you assholes, your religion can t help you now.

C# **A#** **F#** **F** **D#**

Dying and starving in the fields you used to plow.

C# **A#** **F#** **F** **D#**

Rotting bones in your barren fields.

C# **A#** **F#** **F** **D#**

Worshipped creature s supposed to heal.

C# **A#** **F#** **F** **D#**

He won t save you and he won t save me. See what you want to see.

C# **A#** **F#** **F** **D#**

Hindu religion in the mind of a working Joe,

C# **A#** **F#** **F** **D#**

Starving and dying in the fields you used to know.

F# **F** **D#** **F#** **F** **D#**

You re tied and bound to a god s useless advice.

F# **F** **D#** **F#** **F** **D#**

Bloated stomachs from aching diseases hold back the fight.

G# **G** **F** **G#** **G** **F**

In the end you ll return once more to die again.

F# **G** **F** **F#** **G** **F**

Go on til you can t no more in noneternal sin.
